

# Koester Inflatable's Contract

Please read and understand this contract prior to event. As the Renter, you are responsible for the event and need to know the information below prior to the event date to let your guest know what they may need to bring or wear to the event. It is always a good idea to go over these rules with your guests as well, because if they violate our rules you as the Renter will be the one held responsible. Please call or e-mail us with any questions.

**PLANNING FOR YOUR PARTY:** Turn off all sprinklers, underground & above ground. All units require one 20 amp circuit, with the exception of the full obstacle course. It requires two. A generator is available for an extra charge. Keep all unnecessary electric wires and cables away from jump houses. Plan a spot in a grassy area away from your house meters on a flat grass surface. Remove toys, twigs, rocks and any animal droppings from this area. If you have questions about the dimensions of our units to make sure they will fit in a certain area please ask, otherwise we cannot make the unit fit then we will have to cancel the reservation.

**RAIN POLICY:** During periods of rain, severe weather, high winds, or excessive heat Koester Inflatable's reserves the right to cancel reservation. If rain, high winds, or excessive heat is forecasted for the day we reserve the right to cancel at anytime. This includes the time to set up and tear down. If conditions interfere with set up or tear down time we reserve the right to cancel reservation. If winds exceed 20 MPH, we reserve the right to cancel. Once unit(s) is set-up there is no refund. We encourage our customers to also have a rain date in mind or a back-up plan if the weather interferes with the reservation.
